Fault indicators, sealed indicators for surgery equipment,

blood analyser, nurse-call systems, dentist equipment.

We strive to be a Total Quality company that anticipates and responds to our customer's needs, continuously improving our products and processes.

Sloan AG

Designs, manufactures and distributes electronic and electrooptical components which meet the highest standards for quality, durability and performance. In more than 30 years of service to the military and commercial markets SLOAN has developed the largest range of quality indicators and continues to introduce new, up-to-date products.

A development department, innovative and quickly responding, can realize designs of optoelectronic products according to customers specifications.

SLOAN offers an extensive range of waterproof devices for security equipments. Rugged metal housings, shock and vibrationproof, ultrabright LED indicators, sunlight visibility, viewing angle of more than 180° with LED's, are further advantages of the SLOAN range with which we satisfy our customers demands.

SLOAN's longstanding experience and innovations is a guarantee to provide customers with superior products, standard or custom designed, at reasonable cost.
